Thanks, we will send it to R6.

And I will bring Mike to a mtg soon (he will be out of town for a bit starting tomorrow). He used to work for Chuck – he comes from R4 along with his wife Njeri. I believe she is going to be working in the front office soon.

Thank you, Kelly. This looks great – please share with Region 6. I appreciate Mike's work on this. (I don't know him, so it probably would be good to bring him to an upcoming meeting.)

Mike

Hi Kelly,

Please see the attached memo and results for the Region 6 requested risk assessment on the eight Texas and Louisiana ethylene oxide (EtO) emitting facilities. The documents are ready for Mike Koerber's review.

Let me know if you need me to change or provide anything else at this time.

Thanks,

-Mike
